LAMESA, TEXAS 79331  
(806) 872-5451

September 6, 2018

To Whom It May Concern,

I would highly recommend Tim Adams with Alpha Public Adjusters. Our church had been in a dispute with our Insurance company for nearly 18 months when we hired Tim and the Alpha team. He and his staff were able to get our claim resolved to our satisfaction within Four months.

There was hail damage on our entire roof, from a storm in September of 2016, which the Insurance company claimed was neglect on our part. We learned of Alpha Public Adjusters through our roofer and Tim and his staff were hired in late January of this year. I truly appreciated Tim and his team of highly professional and knowledgeable adjusters. They began talking with the Insurance Company immediately and finally resolved our issues by June of 2018.

The church has since hired a roofing company and they are finishing up the work on our roof as I write this letter, all paid for by the settlement, Tim helped us secure. Tim walked us through this entire process step by step. There were times that the church was ready to give in; but, Tim was always willing to go the extra mile for us.

Sincerely,

Rev. Jim Medley  
Senior Pastor
